CE Earn Up to 9.0 Contact Hours by Reading the Designated Articles and Taking These Post Tests

Take 1 or 2 Tests to Receive Continuing Education (CE) Credit. See Instructions Below

1. After reading the articles, darken the appropriate circles on the answer sheet on page XXX (or a photocopy). Each question has only 1 correct answer.

2. Review learning objectives on this page and complete the registration information and program evaluation on the answer sheet.

3. Send the answer sheet with your registration fee to: Lippincott Williams & Wilkins, CE group, 74 Brick Blvd., Bldg. 4, Suite 206, Brick, NJ 08723.

You will receive your certificate in 4 to 6 weeks. For faster service, include a fax number, and we will fax your certificate within 2 business days of receiving your enrollment form. If you pass, you will receive your CE certificate of earned contact hours and an answer key to review your results.

If you fail, Lippincott Williams & Wilkins gives you the option of taking the test again at no additional cost. All answer sheets for this test must be received by September 30, 2016.

Provider Accreditation
Lippincott Williams & Wilkins (LWW) will award the number of contact hours indicated for this continuing nursing education activity.

LWW is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation.

This activity is also provider approved by the California Board of Registered Nursing, Provider Number CEP 11749 for the number of contact hours indicated.

LWW is also an approved provider of continuing nursing education by the District of Columbia and Florida #50-1223. Your certificate is valid in all states.

The ANCC’s accreditation status of Lippincott Williams & Wilkins’ Department of Continuing Nursing Education refers only to its continuing nursing educational activities and does not imply Commission on Accreditation approval or endorsement of any commercial product.

General Purpose
To provide registered professional nurses with information to increase their knowledge about current issues affecting emergency nursing practice.

Learning Objectives—Clinical (Contact Hours 5.5; Member $35.95; Nonmember $37.95)
After reading these articles and taking this test, you should be able to:

1. Recognize the actions, potential adverse reactions, and potential errors involved in administering IV fentanyl.
2. Select the most common prescription drugs abused by adolescents as well as abuse misconceptions and safe prescribing practices.
3. Identify the pharmacokinetics of methadone and signs and symptoms of adverse reactions and withdrawal.
4. Recognize the risks of H1N1 influenza to pregnant women and neonates.
5. Identify the types, frequency, and consequences of interruptions during the ED triage interview process.
6. Examine lessons learned during the Aurora, Colorado mass shooting disaster response.
7. Select key factors that can place older adults at risk during disaster situations.

Learning Objectives—Research (Contact Hours 3.5; Member $23.95; Nonmember $27.95)
After reading these articles and taking this test, you should be able to:

1. Identify how the amount of experience and attitudes towards patients in triage affect the triage nurse’s decision-making capabilities.
2. Recognize the potential effect of an electronic documentation system on the length of stay (LOS) in an emergency department.
3. Identify triage systems appropriate for use in chemical events using the Graniteville, South Carolina data.

The authors and planners have disclosed no potential conflicts of interest, financial or otherwise.
