Earn Up to 9.5 Contact Hours by Reading the Designated Articles and Taking These Post Tests

Take 1, 2, or 3 tests to receive continuing education (CE) credit. See instructions below.

1. After reading the articles, darken the appropriate circles on the answer sheet on page 95 (or a photocopy). Each question has only 1 correct answer.

2. Review learning objectives on this page and complete the registration information and program evaluation on the answer sheet.

3. Send the answer sheet with your registration fee to:
   Lippincott Williams & Wilkins, CE group, 74 Brick Blvd., Bldg. 4, Suite 206, Brick, NJ 08723.

   You will receive your certificate in 4 to 6 weeks. For faster service, include a fax number, and we will fax your certificate within 2 business days of receiving your enrollment form. If you pass, you will receive your CE certificate of earned contact hours and an answer key to review your results.
   If you fail, Lippincott Williams & Wilkins gives you the option of taking the test again at no additional cost. All answer sheets for this test must be received by March 31, 2018.

Provider Accreditation
Lippincott Williams & Wilkins (LWW) will award the number of contact hours indicated for this continuing nursing education activity.
LWW is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation.
This activity is also provider approved by the California Board of Registered Nursing, Provider Number CEP 11749 for the number of contact hours indicated.
LWW is also an approved provider of continuing nursing education by the District of Columbia, Georgia, and Florida #50-1223. Your certificate is valid in all states.

General Purpose
To provide registered professional nurses with information to increase their knowledge about current issues affecting emergency nursing practice.

Learning Objectives—Clinical (Contact Hours 4.0; Member $26.95; Nonmember $31.95)
After reading these articles and taking this test, you should be able to:
1. Recognize the holistic health care needs of older lesbian, gay, bisexual and transgender (LGBT) adults.
2. Identify risk factors, signs and symptoms, and guidelines related to child abuse.
4. Evaluate the development of a routine, opt-out human immunodeficiency virus (HIV) ED screening program.
5. Identify the role of the Saint Louis Center for Sustainment of Trauma and Readiness Skills' (C-STARS) in providing training opportunities for active and reserve Air Force personnel.

Learning Objectives—Research (Contact Hours 3.0; Member $20.95; Nonmember $24.95)
After reading these articles and taking this test, you should be able to:
1. Recognize parents’ opinions about the use of top-toe inspection (TTI) to improve detection of child abuse and neglect (CAN) in all ED pediatric patients.
2. Compare ED patients' experiences and emergency RNs' perceptions of patients' experiences with human immunodeficiency virus (HIV) and hepatitis C virus (HCV) screening.

Learning Objectives—Practice Improvement (Contact Hours 2.5; Member $18.95; Nonmember $22.95)
After reading these articles and taking this test, you should be able to:
1. Discuss the design of and results from the use of a split-flow system for ED patient care.
2. Evaluate the effects of a telephone triage service on ED utilization for low-acuity health care problems by uninsured and Medicaid patients.
